

Town of Newport Special Events Support Policy

I. Purpose

Special events provide opportunities to promote community welfare and quality of life, help build a sense of community, showcase local and regional talent, enrich cultural opportunities, and draw first-time visitors to Newport and contribute to the local economy.

The Town of Newport recognizes the benefits and opportunities made available through special events. Therefore, the Town seeks to facilitate, promote, coordinate and/or participate in special events that provide a benefit to the larger community and fit within the capacities of public parks, facilities and streets.

This policy outlines a process for approval of events requiring special assistance from the Town of Newport. It further aids in identification of resources required and cost allocation for the provision of services during special events.

It is the policy of the Town of Newport that any approved special event should not result in the expenditure of excessive public resources and that the Town should be compensated by the event organizer for costs incurred by the Town of Newport.

This Policy is intended to work in concert with all other applicable rules, regulations, laws, and ordinances of the Town of Newport.
